

## Innovation Friday: Invitation for parents/carers of Year 6

Thursday 11<sup>th</sup> January 2024

Dear parents/ carers

As you are aware, much of our curriculum is interwoven and our learning links to a 'project'. Each year group takes part in four or five projects over the course of the school year.

To facilitate the children retaining their new knowledge from the project, we regularly revisit project content to see what learning the children can retrieve. One of the strategies we have implemented is known as 'Innovation Friday' where pupils are set a challenge to show what knowledge they have retained from a project studied many weeks or months prior.

Our next Innovation Friday is on **Friday 26<sup>th</sup> January** and Year 6 would like to invite you to join them so you too can see what they can recall from their project entitled 'Britain at War'. The session will **begin at 2:15pm and will run until 2:45pm** to give the pupils time to clear away before the end of the day.

Before the session, the children will have made a game that they could have played in an Anderson Shelter during WW2. They will be able to teach you the rules and play this game with you. To facilitate this, we are asking for cardboard / recycling donations before **Friday 19<sup>th</sup> January**, so the children are able to create their games.

Should you be able to attend on the afternoon of Friday 26<sup>th</sup> January, please arrive at the main school entrance for 2:00pm so that we can sign you in and take you into your child's classroom.

We look forward to seeing you there.

Kind regards,

*Mrs Roberts*  
Year 6 Lead
