

# Pupil premium strategy statement – South End Junior School

This statement details our school’s use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

## School overview

Detail	Data
Number of pupils in school	349 (as of 17.10.24)
Proportion (%) of pupil premium eligible pupils	19% (66 pupils) FSM: 61 pupils Ever in care: 7 pupils SGO: 3 pupils Service child: 1 pupil
Academic years that our current pupil premium strategy plan covers	<b>2024-2025</b> 2025-2026 2026-2027
Date this statement was published	25 <sup>th</sup> October 2024
Date on which it will be reviewed	Termly assessment points and annually each October
Statement authorised by	Gurdip Kaur
Pupil premium lead	Lisa Gibbs & Gurdip Kaur
Governor lead	Julie Rogers-Hussey

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£83140
Pupil premium funding carried forward from previous years <i>(enter £0 if not applicable)</i>	£5795
<b>Total budget for this academic year</b> <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£88935

# Part A: Pupil premium strategy plan

## Statement of intent

### ***Whole school intent:***

Our broad and balanced curriculum, combined with enriching experiences, enables pupils to graduate as rounded and grounded citizens and be ready for their next adventure.

A progressive and interwoven curriculum is designed to embed the knowledge, skills, understanding and mindset required to be successful in tomorrow's world.

### ***Pupil Premium intent:***

Our vision is to develop all pupils to be rounded and grounded citizens who aspire to achieve their full potential regardless of their starting point or context. We aim to do this by providing a nurturing, happy, safe and supportive yet challenging learning environment in which everyone is equal and personal achievements are celebrated. We aim to ensure that every child has access to and engages in a high-quality education that enables them to reach their potential, departing from our school prepared to be successful in tomorrow's world.

Our key priority is to ensure that the children access excellent teaching: evidence demonstrates that this is the most important lever schools have to improve pupil attainment, including for disadvantaged pupils. Therefore, training; developing everyday practice; working with specialists; mentoring and coaching; and caring for staff wellbeing are key strands of our Pupil Premium Strategy. The focus is on developing all of our staff in order to positively impact on all our pupils while closing the gaps for our disadvantaged children. All strategies outlined in our Pupil Premium Strategy are evidence-based and informed by our understanding of what our children need to be able to achieve the best possible outcomes.

Targeted academic support for children identified as not making the expected progress also forms a key part of our strategy with the aim that gaps in children's learning can be accurately identified, targeted and closed. This support, delivered by the people most suited for the particular intervention, is offered predominantly within the school day but may also be through small group or individual tuition after school.

The final key priority within our strategy is to address the wider issues that impact on children's learning and create a potential barrier. We know that social and emotional skills support effective learning and are linked to positive outcomes later in life. Consequently, our provision and support for children's SEMH is a crucial part of our school offer. We aim to build strong connections with pupils and their families, strengthening parental engagement so that children's education and wellbeing are prioritised, and they thrive. We feel strongly in equity and that no pupil should be left behind because of their socio-economic narrative; we invest wisely in enriching cultural capital experiences that both support and supplement our broad and balanced curriculum.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>When children arrive in Year 3, there is a significant gap between PP and non-PP in writing. By the time pupils leave at the end of Year 6, they generally perform in line with the national average for disadvantaged children in writing. A strategic focus is needed on oracy and basic writing skills to address the gap that remains between PP and non-PP in all year groups.</p> <p><i>(Sources: Internal writing data; internal monitoring of lessons, books and pupil voice; end KS2 data for writing)</i></p>
2	<p>When children arrive in Year 3, there is a significant gap between PP and non-PP in reading but this gap diminishes over their time at SEJ. By the time pupils leave at the end of Year 6, they perform above the national average for disadvantaged children in reading and this positive gap appears to increase each year. A strategic focus is needed on phonics, oracy and comprehension to address the gap that remains between PP and non-PP when they enter in Y3.</p> <p><i>(Sources: Internal reading data; internal monitoring of lessons, books and pupil voice; end KS2 data for reading)</i></p>
3	<p>When children arrive in Year 3, there is a significant gap between PP and non-PP in maths but this gap diminishes over their time at SEJ. By the time pupils leave at the end of Year 6, they perform above the national average for disadvantaged children in maths and this positive gap appears to increase each year. A strategic focus is needed on oracy, number sense and reasoning to address the gap that remains between PP and non-PP when they enter in Y3.</p> <p><i>(Sources: Internal maths data; internal monitoring of lessons, books and pupil voice; end KS2 data for maths)</i></p>
4	<p>Many of our PP have social, emotional and mental health needs, often linked to safeguarding matters and vulnerabilities, that cannot be catered for effectively through our core PSHE curriculum. Regular additional support needs to be provided to nurture the wellbeing of such pupils to try and minimise the impact on outcomes and maximise academic achievement while supporting the whole child.</p> <p><i>(Sources: safeguarding records, SEND records, DSL and senior leaders' knowledge of pupils and their families)</i></p>

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current 3-year strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Effective use oracy in all classrooms to support engagement and raised achievement	<ul style="list-style-type: none"> <li>• Monitoring of teaching and learning shows a greater and improved use of oracy in all curriculum areas.</li> <li>• Each year, oracy progress maps show good growth in oracy skills for disadvantaged children.</li> <li>• By July 2027, data shows much improved attainment for reading and writing.</li> </ul>
Improved writing attainment for pupils eligible for the PPG which is above the national figure for disadvantaged children	<ul style="list-style-type: none"> <li>• End KS2 writing attainment increases each year and by July 2027 is above the national figure for DC.</li> <li>• The gap between PP and non-PP attainment decreases year on year is in single figures by July 2027.</li> </ul>
Improved reading attainment for pupils eligible for the PPG which closes the gap between our PP and non-PP data	<ul style="list-style-type: none"> <li>• End KS2 reading attainment continues to be above the national figure for disadvantaged pupils.</li> <li>• The gap between PP and non-PP attainment is not significant and within 5%.</li> </ul>
Improved maths attainment for pupils eligible for the PPG which closes the gap between our PP and non-PP data	<ul style="list-style-type: none"> <li>• End KS2 maths attainment continues to be above the national figure for disadvantaged pupils.</li> <li>• The gap between PP and non-PP attainment is not significant and within 5%.</li> </ul>
Pupils' SEMH needs are supported and the impact on learning is mitigated	<ul style="list-style-type: none"> <li>• Mentoring meetings, pastoral sessions and teacher observations witness pupils more regulated and armed with the skills needed to help themselves when they are in times of crisis.</li> <li>• SEMH needs do not hinder lesson engagement and progress</li> <li>• Relationships with parents are strong and open conversations can be held that break down barriers to working in partnership.</li> </ul>
Barriers to participation in the broader curriculum offer are removed	<ul style="list-style-type: none"> <li>• All pupils attend the year group trip.</li> <li>• All pupils in receipt of FSM have the opportunity to attend the Year 6 residential trip and payment is never a reason to not attend.</li> <li>• All DC have a rich club provision offer and experience new opportunities.</li> </ul>

## Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £53,388

Activity	Evidence that supports this approach	Challenge number(s) addressed
Salary for HLTA to release leaders for subject development and coaching and expressive arts specialist	<p><b>EEF Guide to Pupil Premium: evidence brief</b>  <a href="#">Evidence brief: Using research evidence to support your spending decisions   Education Endowment Foundation (d2tic4wvo1iusb.cloudfront.net)</a></p> <p>“Evidence indicates that high quality teaching is the most powerful way for schools to improve pupil attainment, especially for socio-economically disadvantaged pupils.”</p> <p>“Schools should focus on building teacher knowledge and pedagogical expertise, curriculum development, and the purposeful use of assessment. “</p> <p>“Mentoring and coaching can be an important source of support, particularly for early career teachers.”</p> <p>“Managing workload and offering effective professional development are key to retaining great teachers, which, in turn, is crucial to maintaining a high standard of teaching and learning.”</p> <p><b>EEF Teaching and Learning Toolkit</b>  <a href="#">Teaching and Learning Toolkit   EEF (educationendowmentfoundation.org.uk)</a></p> <p>Oral language interventions = very high impact for very low cost</p> <p>Metacognition &amp; self-regulation = very high impact for very low cost</p> <p>Collaborative learning approaches = high impact for very low cost</p> <p>Feedback = very high impact for very low cost</p> <p>Teaching assistant interventions = moderate impact for moderate cost</p> <p>Small group tuition = moderate impact for low cost</p> <p>Arts participation = moderate impact for low cost</p> <p><b>EEF Teacher Feedback to Improve Pupil Learning</b>  <a href="#">Teacher Feedback to Improve Pupil Learning   EEF (educationendowmentfoundation.org.uk)</a></p> <p><b>Oracy Education Committee 2024 – We Need To Talk</b>  <a href="#">We need to talk, 2024 – Oracy Commission</a></p>	1, 2, 3, 4
Contribution to lead practitioner salary - focus on oracy and developing Early Career Teachers		1, 2, 3
TLR for English lead – reading and writing are focus areas for PP		1, 2
Contribution to salary of Maths specialist HLTA		3
INSET day and visit to team teach by Claire Gadsy – progress for ‘all’ not ‘some’ through collaboration, active participation and a focus on speaking		1, 2, 3, 4
Courses to help leaders develop oracy and metacognition		1, 2, 3
Books to support leaders’ research to embed effective feedback		1, 2, 3

## Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £13,750

Activity	Evidence that supports this approach	Challenge number(s) addressed
Maths specialist HLTA interventions in afternoons	<p><b>EEF Making a Difference with Effective Tutoring</b>  <a href="#">Tutoring Guide 2022 V1.2.pdf (d2tic4wvo1iusb.cloudfront.net)</a></p> <p>“High quality teaching is the most powerful lever schools have for improving pupil outcomes. However, especially post-pandemic, there may be children in need of additional support with their learning. When one-to-one and small group tutoring are implemented well—following the principles in this short guide—it is likely that it can be impactful. This may prove particularly valuable to support closing the gap for disadvantaged pupils.”</p>	3
1:1 reading sessions		2
Phonic specialist TA interventions in afternoons		1, 2
1:1 after school tutoring with teacher		1, 2, 3
PiXL package		1, 2, 3
Number Sense programme	<p><b>EEF Guide to Pupil Premium: evidence brief</b>  <a href="#">Evidence brief: Using research evidence to support your spending decisions   Education Endowment Foundation (d2tic4wvo1iusb.cloudfront.net)</a></p> <p>“Targeted academic support can support pupil progress and can be employed to help boost language development, literacy, or numeracy as well as other subject areas. Interventions should be carefully linked to classroom teaching and matched to individual pupils’ specific needs while not inhibiting their access to the wider curriculum.”</p> <p>“Intensive support either one to one or as part of a small group can support pupil learning if provided in addition to, and explicitly linked with, normal lessons.”</p> <p>“Strategic deployment of teaching assistants is important to ensuring that priority pupils are supported. TAs should be fully prepared for their role in any given lesson or intervention and their input should complement (rather than replace) high quality provision from the class teacher.”</p> <p><b>EEF Teaching and Learning Toolkit</b>  <a href="#">Teaching and Learning Toolkit   EEF (educationendowmentfoundation.org.uk)</a></p> <p>Teaching assistant interventions = moderate impact for moderate cost</p> <p>Small group tuition = moderate impact for low cost</p>	3

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £21,797

Activity	Evidence that supports this approach	Challenge number(s) addressed
Contribution to pastoral support worker salary	<p><b>EEF Guide to Pupil Premium: evidence brief</b>  <a href="#">Evidence brief: Using research evidence to support your spending decisions   Education Endowment Foundation (d2tic4wvo1iusb.cloudfront.net)</a></p> <p>“Social and emotional skills support effective learning and are linked to positive outcomes later in life. Schools may consider whole-class approaches as well as targeted interventions, monitoring the impact of these choices carefully.”</p> <p>“Extracurricular activities are an important part of education. These approaches may increase engagement in learning but it is important to consider how increased engagement will be translated into improved outcomes.”</p> <p>“Levels of parental engagement are consistently associated with improved academic outcomes. Practical approaches, such as supporting shared book-reading or tailoring positive communications about learning, can prove actionable for schools.”</p> <p><b>EEF Teaching and Learning Toolkit</b>  <a href="#">Teaching and Learning Toolkit   EEF (educationendowmentfoundation.org.uk)</a></p> <p>Social and emotional learning = moderate impact for very low cost but very limited evidence            Behaviour interventions = moderate impact for low cost but limited evidence            Arts participation = moderate impact for very low cost            Parental engagement = moderate impact for very low cost</p> <p><b>EEF Working with parents to support children’s learning</b>  <a href="#">EEF Parental Engagement Guidance Report.pdf (d2tic4wvo1iusb.cloudfront.net)</a></p> <p>“There is an established link between the home learning environment at all ages and children’s performance at school”</p>	4
Support with costs of Y6 residential trip for FSM		4
Support with costs of day trips for FSM		4
Enrichment resources to assertive mentoring sessions		1, 2, 3, 4
Revision guides to support parental engagement with end KS2 preparation		2, 3
Forums and networks to engage parents and work with them to support children’s learning		1, 2, 3, 4
Extra-curricular club provision		4
Contingency <i>Time will tell what the new Y3 cohort needs to succeed and we may require funding to cater for matters that arise</i>		

**Total budgeted cost: £88,935**

## Part B: Review of the previous academic year: 2023-2024 (challenges on former strategy plan)

### Outcomes for disadvantaged pupils

Challenge number	Detail of challenge						
<b>1</b>	<b>Reading attainment gap for DC</b>						
<p><i>Impact:</i></p> <ul style="list-style-type: none"> <li>Our end KS2 data for PP in 2024 is strong at 77% for EXS+. National figures are yet to be released for end KS2 attainment for DC; however, the FFT Early Results Service indicates that EXS+ is likely to be 64% for FSM6. This would make our attainment +13% compared to national figures. This increased on the +8% compared to national in 2023.</li> <li>When the PP leavers of July 2024 completed baseline assessments in Y3, 31% achieved EXS+ on the KS1 papers. Compared to the 77% attainment published in July 2024 for the KS2 papers, this shows an increase of 46% while in our care.</li> <li>There remains a gap between our PP and non-PP reading data at the end of KS2:</li> </ul> <table border="1"> <thead> <tr> <th></th> <th>EXS+</th> </tr> </thead> <tbody> <tr> <td>PP</td> <td>77%</td> </tr> <tr> <td>Non-PP</td> <td>82%</td> </tr> </tbody> </table>			EXS+	PP	77%	Non-PP	82%
	EXS+						
PP	77%						
Non-PP	82%						
<b>2</b>	<b>Maths attainment gap for DC</b>						
<p><i>Impact:</i></p> <ul style="list-style-type: none"> <li>Our end KS2 data for PP in 2024 is strong at 85% for EXS+. National figures are yet to be released for end KS2 attainment for DC; however, the FFT Early Results Service indicates that EXS+ is likely to be 61% for FSM6. This would make our attainment +24% compared to national figures. This increased on the +14% compared to national in 2023.</li> <li>End of KS2 data from July 2023 shows significant improvements in maths for DC with them achieving 74% at EXS+. This was significantly above the national average of 59%.</li> <li>Our non-PP pupils outperformed PP by 11% - a further gap reduction compared to the 16% gap last academic year.</li> <li>There remains a gap between DC and Non-DC maths data at the end of KS2:</li> </ul> <table border="1"> <thead> <tr> <th></th> <th>EXS+</th> </tr> </thead> <tbody> <tr> <td>PP</td> <td>85%</td> </tr> <tr> <td>Non-PP</td> <td>96%</td> </tr> </tbody> </table>			EXS+	PP	85%	Non-PP	96%
	EXS+						
PP	85%						
Non-PP	96%						
<b>3</b>	<b>Increasing numbers of PP also have SEND</b>						
<p><i>Impact:</i></p> <ul style="list-style-type: none"> <li>Improved growth mindset as pupils are proud of their achievements in writing when using Clicker. Increased independence and less reliance on an adult: it has taken away the literacy barriers. This has brought about improved confidence and self-esteem.</li> <li>Increased participation in project lessons as the learning grids allow them to access the lesson at a level they are able to e.g. simpler text/supported activity.</li> <li>Improved attitude to learning as pupils enjoy writing when they are using Clicker.</li> <li>The spell checker and word predictor have supported spelling – improved confidence when writing down ideas.</li> </ul>							

- Pupils able to hold a sentence using the voice recorder.
- Children have more readily engaged with longer pieces of writing as they can more easily record their ideas and show what they know.
- Children stay focussed for longer when they are writing using Clicker
- Monitoring shows that DC with SEND are provided with the necessary scaffolds, resources and support to access lessons and achieve.
- Intervention assessments show progress.

<b>4</b>	<b>SEMH needs</b>
----------	-------------------

*Impact:*

- Targeted pastoral support has been able to be delivered every afternoon through programmes such as Protective Behaviours.
- Pupils who are LAC, PLAC and SGO have had access to a weekly 1:1 pastoral support session.
- Counselling sessions have been possible for pupils with specific needs that needed specialist provision.
- Pupils have relationships with ‘consistent’ adults which provides them with trusted adults who they can disclose information to and seek emotional support from.
- Relationships are stronger with parents/ carers; they are confident and comfortable to approach school to seek advice and support.
- Dysregulated behaviour is minimised; pupils have developed a bank of strategies to use when their emotions are not regulated.

<b>5</b>	<b>Pockets of persistent absence</b>
----------	--------------------------------------

*Impact:*

- Attendance at SEJ for PP for 2023-2024 was 93.6% and for non-PP was 95.6%
- The national average for attendance for 2023-2024 for those eligible for FSM was 89%. (<https://explore-education-statistics.service.gov.uk/find-statistics/pupil-attendance-in-schools/2024-week-29> )
- SEJ attendance for DC was significantly higher than the national figure but slightly lower than our own data for non-DC.

<b>6</b>	<b>Ambition and aspiration</b>
----------	--------------------------------

*Impact:*

- Mentoring meetings, pastoral sessions and teacher observations witness increased confidence and self-esteem.
- Pupils have great pride in their achievements.
- Pupils can identify areas to target to improve to achieve better.
- Pupils participate in a greater number of responsibilities and opportunities.
- Pupils hold ambitious goals for their futures and know how they can achieve them

## Externally provided programmes

Programme	Provider
Sounds-Write	Sounds-Write
PiXL Primary	PiXL
Number Sense Maths	Number Sense Maths
Kinetic Letters Handwriting Programme	Kinetic Letters

## Further information (optional)

The headteacher and deputy headteacher deliver assertive mentoring to all pupils in receipt of the PPG. This entails a minimum of a termly 1:1 meeting to discuss achievements; barriers to progress; aspirations; mindset; attendance and punctuality; and overall wellbeing. This is tracked on Insight Tracking. This system also supports the monitoring and in-depth analysis of attendance and punctuality of those in receipt of the PPG.
